SYRIA'S RAILROAD CUSTOMS.

They have a curious way of managing some railways in Syria. Wary of much riding, a party of travelers on their way to Beirut resolved one day to go by train. They arrived at a primitive station, but could find no station master. Presently, however, one of the camp fellows arrived, looked about, and, spying a small red flag lying on the platform, made off with it along the line. When a train came in the man waved his flag, the engine driver pulled up and the travelers got in. Later, while the train was puffing on its way, the guard came along the footboard and issued the tickets, carefully noting down the names, nationality and occupations of the passengers. Two stations farther on they got out, and here there was not only a station master, but a porter, and the latter stayed with them all day in an orchard till the camp arrived, meanwhile feeding them with honey from the comb. Where else, one wonders, could such a charming railway system be found?—Wide World Magazine.

I Will Stake This Medicine Against Your Time

A Few Days Will Be Sufficient to Prove That You Are Curable

A few minutes of your time for a few days and I will demonstrate to you, without expense, to yourself, that I have a medicine that drives Uric Acid poison from the system and by so doing cures kidney trouble, bladder trouble and rheumatism. I don't ask you to take my word for it, but simply want you to let me send you some of this medicine so that you can use it personally.

I am trying to convince sufferers from these diseases that I have something far better than the usual run of remedies, treatments and such things, and the only way I can demonstrate that fact is by sending you some of the medicine and sending it out free of charge. This I am glad to do for any sufferer who will take the time to write me. Understand, I will not send you a so-called "sample, proof or test treatment," nor will I send you a package of medicine and say that you can have some of it and pay for the rest, but I will send you a supply free of charge and you will not be asked to pay for this gift nor will you be under any obligations.

All I want to know is that you have a disease for which my medicine is intended, as it is not a "cure-all," and I give herewith some of the leading symptoms of kidney, bladder and rheumatic troubles. If you notice one or more of these symptoms you need this medicine and I will be glad to send you some of it if you will write me the numbers of the symptoms you have, give your age and your name and address. My address is Dr. T. Frank Lynott, 2011 De la Beche Building, Chicago, Ill. You promise me nothing; you pay me nothing for it. All I ask, so there shall be no mistake, is that you send me the numbers of your symptoms or a description in your own words, and that you take the medicine according to the directions I send you. It is my way of getting publicity for my medicine so that it will become widely known.

You will agree when you have used it that it dissolves and drives out uric acid poison. It tones the kidneys so that they work in harmony with the bladder. It strengthens the bladder so that frequent urination ceases. It cures other urinary disorders are banished. It stops rheumatic aches and pains immediately. It dissolves uric acid crystals so that back and muscles no longer ache and crooked joints quickly straighten out. It reconstructs the blood and nerves so that you soon feel healthier and more vigorous, sleep better and eat better and have energy throughout the day. It does all this and yet contains neither injurious and is absolutely vouchered for according to law.

Sufferers from these dreadful and dangerous diseases can surely afford to spend a few minutes each day for a

DR. T. FRANK LYNOTT
who will send medicine to anyone free of charge

few days, to demonstrate to their own satisfaction if they are curable, especially when you consider no expense is involved, and I willingly give you my time and my medicine. All any fair-minded afflicted person wants to know is if a certain thing will cure HIM or HER, and here is an opportunity to find out without cost, obligation or important loss of time. THESE FEW DAYS may be the turning point in your life.

All who are interested enough to write me for the free medicine will also receive a copy of my large illustrated medical book which describes these diseases and their cures. It is the largest book of the kind ever written for free distribution, and a new edition is just being printed. I will also write you a letter of diagnosis and medical advice that should be of great help to you, but in order to do this I must know that you need my medicine. Write me the numbers of the symptoms that trouble you, and your age, and I will promptly carry out my promises. Show my inclination to be cured and you will be.

These Are the Symptoms:

- 1-Pain in the back.
- 2-Too frequent desire to urinate.
- 3-Groin or obstruction of urine.
- 4-Pain or soreness in the bladder.
- 5-Prostatic trouble.
- 6-Gas or pain in the stomach.
- 7-General debility, weakness, dizziness.
- 8-Pain or soreness under right ribs.
- 9-Swelling in any part of the body.
- 10-Constipation or liver trouble.
- 11-Pain or pain under the heart.
- 12-Pain in the hip joint.
- 13-Pain in the neck or head.
- 14-Pain or soreness in the kidneys.
- 15-Pain or swelling of the joints.
- 16-Pain or swelling of the muscles.
- 17-Pain and soreness in nerves.
- 18-Acute or chronic rheumatism.

DIVERTS RIVER TO PASS CARS

Reclamation Service Will Keep Salt Down So Stockmen Can Cross at Granite Reef; Other Arrangements of Interest

A Moses, turning back the waters of the Salt river, for the automobiles bearing the members of the American National Live Stock association, is Project Engineer Fitch, who will have the gates closed at Granite Reef today, so the barbed wire procession can cross the river without difficulty.

Mr. Fitch disclaims any credit for the deed, which he says is an easy one, and an everyday performance. But the act is an apt illustration of the many little courtesies that are being extended to the visitors while they are the guests of the city. Making a noise like the Israelites crossing the Red sea, the hundred and fifty or so motor cars will bear the stockmen safely to the reef, across the river there and back on the south side today. The stop at the reef will be used by the visitors in consuming the barbecued feast and in inspecting the nearest important unit in the great irrigation works of the Salt River valley. Mr. Fitch will personally conduct the stockmen over the diversion dam and show them the workings of that part of the system.

No doubt the biblical stunt will impress the tourists, but the inspection of the dam, gates and ditches and the rich lands they serve will be still more interesting to the men who are used to the dry open ranges of cattle and sheep country. In each car there will be someone who is familiar enough with the country to explain everything to the visitors. Almost all the cars needed have been subscribed, but there are so many stockmen here, there is always room for more transportation facilities, good familiar phrase, that. A number of the auto dealers of the city have subscribed cars for the run, among them Ferguson & Mohn, who will have seventeen Buicks and Appersons at the disposal of the committee.

HEAVYWEIGHTS MATCHED.

[ASSOCIATED PRESS DISPATCH] CHICAGO, Jan. 15.—Jess Willard and Dan Daly, each of whom has designs on the white heavyweight title, were matched today to fight six rounds at Philadelphia on January 25 with no decision. Three days before the Daly fight, Willard will box Frank Bauer in Fort Wayne, Ind.

BULLARD HAS JACKRABBIT

Classy New Six-Cylinder Race Model Arrives for Attorney-General, Who Will Put Car in Motorcade to Tucson Tomorrow

Did you ever see a kid with a new toy?

Well, that's Attorney General Geo. Purdy Bullard. His toy is a new Apperson Jackrabbit, six cylinder racing type runabout, and it arrived yesterday afternoon. When Phoenix sees a chocolate brown streak on the road to Granite Reef dam this morning, Phoenix will know it is the general with his new buggy going to the barbecue. It took about half an hour to break the car out at the freight shed last evening, and there is no way of knowing just when the general and Billy Ferguson got through riding about town last evening. Probably not until this morning.

First blood for the Jackrabbit was a little runabout, which went careening into a big tonner in front of the Adams last night. When the driver cranked his neck to rubber at the new beast which was standing by the Central avenue entrance to the hotel. The light car overtook the big one and looked spring down it, and it took unperceived men ten minutes to separate them. There was nobody hurt but the radiator and lamps of the unlucky car.

The golden brown bunny will be in the run to Granite Reef today and in the Tucson Motorcade tomorrow. Something about Bullard's pride would be interesting.

It is an Apperson six, long low runabout with racing fenders. Billy Ferguson brags that it will develop sixty horses, but Mr. Owner keeps it down to forty. Any way there is power enough under the hood to take it most anywhere a man could want to go, providing there is anything to run the wheels on. The boat is sort of a stock model. The engine is over-size and equipped with the Gray and Davis starter. There are powerful electric lights. The back of the car is a big trunk which will hold the raiment of the tourist. The owner says he will make some fifty trips in the new car, so that part of the outfit is well ordered.

The finish of the car is beautiful. It is built both for speed and comfort and has energy enough for both racing and hard touring. But Bullard says "Nay, nay," to the proposition of putting his car in the Los Angeles to Phoenix road race.

According to the list printed elsewhere in this edition, Mr. Bullard will "two" will be in the Maricopa Mid-winter Motorcade to Tucson.

SOME RECOMMENDATIONS BY FAIR COMMISSION

Needs of the Fair Made Known to Governor.

At the end of the final session yesterday, closing up the business of the last state fair, the fair commissioners called upon Governor Hunt and suggested to him recommendation to the legislature at its next session provisions for the fair.

The members of the commission believe that there should be an annual appropriation of \$25,000 for the maintenance of the fair and \$10,000 for improvements. It is urged also that \$150,000 be appropriated for a main building of permanent character and that all other buildings erected in the future shall be of like character as to permanency until all the present buildings shall be replaced.

It is recommended also that if the state of the finances of the state should not warrant such a large appropriation at the present time, that it be made to cover a period of two or three years. That is, that enough money be appropriated for the construction of a unit of the main building at this time and that from time to time as money may be available, wings may be constructed.

The commission completed an inventory of the property of the fair which is valued at \$145,745. There has been

paid on account for territorial and state fairs to date, including the ground, improvements and maintenance a little more than \$200,000, so that the fairs have cost Arizona annually only about \$6,000.

This excellent showing has in part been made possible by the appropriation of the real estate since its purchase several years ago.

FINANCES AND MARKETS

[ASSOCIATED PRESS DISPATCH]

NEW YORK, Jan. 15.—By comparison with two previous days, the pronounced weakness of the stock market gave a better account of itself but it nevertheless continued to reflect the disordered state of speculative sentiment. The market was nervous and irregular with contradictory movements in various issues. English valley and Southern Pacific were the weakest of the more prominent issues, while the metal shares developed strength. Various forces operated to check a decline. The position of the European markets was a favorable influence and purchases of stocks by Europe were the heaviest in some time. It was estimated that Europe bought from forty to fifty thousand shares, London taking chiefly Steel and Union Pacific and Paris Amalgamated. Traders with heavy commitments on the short side showed some uneasiness and covering operations carried on extensively, particularly in the metal stocks.

Political consideration again figured strongly.

extensively. All Wall Street talked politics today and apparently little headway was made toward dispelling the nervousness which has been reflected in the week's dealings. Bonds were under slight pressure. Total sales represented a par value of \$1,927,000. Patina: three advanced one quarter on call.

Stocks.
Amalgamated, 72 1/2; Smelting, 70; Santa Fe, 104 1/2; St. Paul, 112 1/2; New York Central, 106 1/2; Pennsylvania, 122 1/2; Reading, 162 1/2; Southern Pacific, 165 1/2; Union Pacific, 157 1/2; Steel, 63 1/2; preferred, 109 1/2; Silver, 63 1/2.

Metals.
NEW YORK, Jan. 15.—Copper unsettled; Electrolytic, \$16.75@17.00. Tin firm; Lead, Spelter, quiet; antimony dull; Iron, quiet. Arrivals 220 tons. Exports this month 12,956 tons. London copper easy.

WALSH SUCCEEDS DIXON.

Is Declared Elected Senator At Joint Session of Legislature.

[ASSOCIATED PRESS DISPATCH] HELENA, Jan. 15.—Thomas J. Walsh of Helena was declared elected senator for the six year term beginning next March, succeeding Senator Joseph M. Dixon at a joint session of the legislature today. Walsh yesterday received the unanimous vote of the house and senate in separate sessions.
